

**Description:** High quality play tiles constructed from recycled rubber compound.

**Certification:** EN 1177: 2008

#### Typical Properties:

- **Main constituent:** Recycled Rubber
- **Origin:** China
- **Quality Range:** High
- **Critical Fall Height:** 0.8m
- **Purity:** Recycled – Clean
- **Flame Retardant:** Included
- **Warranty:** 5 years (see warranty for specific details.)

#### Analysis:

| Item                      | Indicators | Test Results | Test Standards |
|---------------------------|------------|--------------|----------------|
| Density                   | 600-900    | 766.6        | GB/T6343       |
| Tensile Strength (Mpa)    | >0.3       | 0.59         | GB/T10654      |
| Elongation %              | >40        | 45.5         | N/A            |
| Compression Deformation % | <15        | 12.3         | GB/T1684       |
| Flexibility               | >38        | 44.9         | GB/T1681       |
